Mr. L. D. Erchull
Union Oil Company of California
Chicago Refinery
Lemont, Illinois 60439

Dear Mr. Erchull:

This letter is to inform you that the above facility is in apparent violation of Title 35, Illinois Administrative Code, Part 725, Subpart F, Groundwater Monitoring. The following apparent violations have been identified:

Section 725.194(a)(2)(A). Concentrations or values of the parameters listed in Section 725.192(b)(1) for each monitoring well were not reported quarterly. In addition, parameters whose concentrations or values exceeded the Interim Primary Drinking Water Standards were not separately identified for each monitoring well.

Section 725.194(a)(2)(B). Concentrations or values of the parameters listed in Section 725.192(b)(3) for each groundwater monitoring well, along with the required evaluations for those parameters under Section 725.193(b) and 725.193(c)(1) were not submitted as part of the annual report required under Section 125.175 and due in this Agency March 1, 1983.

Section 725.194(a)(2)(C). Results of the evaluation of groundwater surface elevations under Section 725.193(f) and a description of the response to the evaluation were not submitted as part of the annual report required under Section 725.175 and due in this Agency March 1, 1983.

You are hereby requested to provide information to this office within 15 working days of the date of this letter, informing the Agency of action taken or to be taken to correct these apparent violations and/or to prevent future occurrences. Such documentation should include a time frame for bringing your facility into compliance with Part 725, Subpart F regulations. Please address documentation to:
